

**UNIVERSITY OF CHICAGO MEDICINE
URBAN HEALTH INITIATIVE
SOCIAL DETERMINANTS OF HEALTH (SDOH) GRANT
APPENDIX A: EVALUATION MEASURES**

UCM SELECTED HEALTH PRIORITY AREA

Social Determinants of Health

UCM COMMUNITY BENEFIT GRANT PROGRAM GOAL

To reduce inequities caused by social determinants of health within the UCM service area, specifically targeting access to care, food insecurity, and workforce development.

UCM SOCIAL DETERMINANTS OF HEALTH GRANT INTENDED OUTCOMES

To be achieved as a result of programming (select *at least* one of the following):

- Increase access to food for patients with food insecurities
- Increase access to care for patients without a usual source of primary or specialty care
- Increase employment opportunities for community members living in our 12-area zip-code service areas through workforce development

(OPTIONAL) List any additional outcomes specific to your program below:

-
-
-
-

DIRECTIONS FOR REQUIRED APPENDIX A TABLE (SEE PAGE 2): Complete the table on page 2, ensuring objectives and activities are specific, measurable, achievable, realistic, and time-bound (SMART). Include target numbers or NA if not applicable. The 3 SDOH Intended outcomes are pre-populated in the table below. Additional, blank rows are provided for any program-specific outcomes, add more as needed. **NOTE: examples items have been provided in row 1. Please use the example to guide your responses.**

Outcomes	Objectives	Activities	Initial Indicators/ Metrics	Targets	Timeframe
<i>Increase access to food for patients with food insecurities</i>	<i>Example: By the end of the grant year, provide 500 people with accessible food</i>	<i>Example: - Outreach to community members and leaders to determine appropriate areas to establish food locations - Provide new food service locations - Host community events to provide nutritional information</i>	<i>Example: - Record number (#) of participants that utilize food location through registration and/or sign-in sheets - Track number of community members that participate in education services</i>	<i>Example: - 500 people</i>	<i>Example: September 2020 – October 2021</i>
